

PRESS RELEASE

A New Linutop Operating System is now available for PC

*Configuring an Internet kiosk becomes easier,
for Internet access, digital signage or simply recycle an old PC.*

Paris, France – April 8th, 2014 – Linutop, specialized in energy-efficient IT solutions, today announced the new version of its Operating System compatible with all PCs: Linutop OS Version 13.10.

New Linutop OS 13.10 is a customised version of Ubuntu 13.10 with XFCE classic graphic environment; it is delivered with ready-to-use Linux software, Firefox 28, LibreOffice 4, VLC 2 and Linutop Kiosk.

Core feature and benefit enhancements to Linutop OS 13.10 include:

- **A New Linutop Kiosk** – Designed to configure a secured Internet access point and/or Digital Signage in few clicks: with toolbar or not, to block certain websites or to lock on designated websites.
- **Digital Signage** – Linutop Kiosk can be configured to display full screen: images (JPEG, PNG...), URLs, Web Page, music and even HD video files, compatible with Linutop.tv broadcast system.
- **Optimum Security and Privacy** – Linutop's system can be **locked in ready only mode**, preventing alterations by viruses or other mishaps. Its ability to recover its initial state minimizes maintenance costs.
- **Fast and Flexible OS** – Linutop OS is small (750MB) and requires minimal processing power PIII 800Mhz, 512MB of RAM. It can quickly be installed on hard drive, USB key and flash memory (like Intel NUC).

Linutop OS 13.10 is available now.
