

Linutop Operating System is now available for Raspberry Pi

*Configuring an Internet kiosk becomes easier,
for Internet access, digital signage.*

Paris, France – April 23rd, 2014 – Linutop, specialized in energy-efficient IT solutions, today announced the new version of its Operating System compatible with Raspberry Pi: Linutop OS XS.

New Linutop OS XS is a customised version of Raspbian with XFCE classic graphic environment; it is supplied with major Linux software, Epiphany, LibreOffice 4, VLC 2 and Linutop Kiosk and provide ready-to-use solution for professionals.

Linutop OS for Raspberry Pi benefits:

- **A New Linutop Kiosk** – Designed to configure a secured Internet access point and/or Digital Signage in few clicks: with toolbar or not, to block certain websites or to lock on designated websites.
- **Digital Signage** – Linutop Kiosk can be configured to display full screen: images (JPEG, PNG...), URLs, Web Page, music, HD video files and even PDF, compatible with Linutop.tv broadcast system.
- Ready to use & Quick to configure
- Graphical configuration Panel
- Hardware acceleration for VLC
- Security and privacy
- Boot Time < 30 seconds

Compatibility: Raspberry Pi B, B+ and 2.

Linutop OS XS is available now.
